April 2, 2018

Dear Fifth Grade Parents:

As part of the Health Curriculum, the fifth grade is given a lesson on puberty, explaining the changes that they will experience during adolescence.

On Tuesday, May 15, 2018, the 5th grade boys and a male guardian are invited to a special male evening session beginning at 6:00 PM. A video will be shown explaining puberty and the changes their bodies will be undergoing. After the video, Dr. Rasa, our school physician, will be available for questions and answers. At 7:00 PM, the 5th grade girls and a female guardian are invited to the special female portion of the evening. A video will be shown explaining puberty and the changes their bodies will be undergoing. After the video, I will be available for questions and answers.

We look forward to seeing you on the 15th of May. If you have any questions regarding either the topic to be discussed or the content of the video, please do not hesitate to contact me.

Sincerely,

Victoria Evans, RN, BSN

Please respond by Monday, May 7, 2018

_____ **Yes, We will attend the program on Tuesday, May 15, 2018**

_____ **No, We will be unable to attend**
